Notes

- Remember to return your pictures if you do not want to purchase them.
- Testing on Tuesday, Wednesday, Friday this week
- Check out our website with all the photos and information. There is also a calendar on our wiki page.
- Field Trip—Wednesday

Classroom Events

Testing - I was extremely proud of all the students extra effort on the testing last week and look forward to see their hard work continue on the science NECAP testing

NH mobiles - the students worked on their collages from the art museum and they have evolved into a 3-D hanging mobile. Check them out in the hallway.

Ruler of the World - Students are wrapping up their writing on their famous people to put on the back of the bio cards.

Science—We started exploring current electricity by making simple circuits.

Read Aloud—We have been reading Hatchet as a read aloud book

Math - exploring and comparing decimals and fractions

Homework for the Week May 11 to 15th

This week the students will be wrapping up the Ruler of the World Bio Cards and starting their Book Critic Webpage project.

- The students will need to complete a weekly reading log that shows they have read for 2 hours in total for the week..
- **Ruler of the World Project (Bio Cards) - Due May 14th.**
- **Spelling** There will be no list of words this week for spelling. Instead there will be a spelling dictation on Friday, that focus on the most commonly used words in writing.
- **Book Critic Webpage:** See attached handout for a description of this project.
- Permission Slips due Friday, May 16th for Comerford Dam Field Trip.
